First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. J. H. Thompson, a noted European skin specialist, declares that dandruff is the harbinger of baldness, and that the hair, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Jointache

is one of the main symptoms of that terrible disease called Rheumatism, which makes life a daily torture to many thousands.

HAMLINS WIZARD OIL

is a treatment which affords a positive cure for rheumatism and allied diseases.

Applied externally, it relieves the pain at once. Taken internally, it cures permanently by purifying the blood of the lactic acid which causes the disease. Anthony Smith, of Mayville, Ill., says: "I had such severe rheumatic pains in my arm and shoulder that I could neither work nor sleep and was fast losing all hope of cure, when I heard of and tried Hamlin's Wizard Oil, two bottles of which performed a perfect, permanent cure." Price, 50c and \$1.

For sale and recommended by all druggists

Conditions in Hungary.

The scene of the conflict between the coalition party and the crown will be transferred from Budapest to the country districts, where disorders can be expected within a week.

The coalition deputies plan to proceed to their various election districts at the end of this week, assemble their constituents and protest against Monday's alleged illegal dissolution of Parliament. These meetings will be prevented and broken up by the government, with the assistance of gendarmes, on the ground that the crown cannot and will not tolerate such criticism of an act which it considers constitutional.

It is interesting to note in this connection that the Supreme Court of Hungary yesterday morning handed down a decision in two cases dealing with contested elections of deputies to the effect that Monday's dissolution of Parliament was lawful. Furthermore, the government is determined to dissolve, by force if necessary, all existing political clubs as soon as such clubs embark upon a course which the government considers treasonable.

It seems as if the crown had determined to terminate the right of free meeting, free press and even free speech in Hungary whenever such manifestations reflect on the legality of the crown's actions. As proof of this it was said yesterday in government circles that the crown is prepared to suppress newspapers which conduct a propaganda based on criticism of its actions Monday.

The coalition party is not ignorant of the crown's intentions and its members are discussing the necessity of holding secret meetings. The party rather expects its newspapers to be suppressed.

The question of calling a new general election has not yet been determined upon and will not be decided until the crown learns what happens in the country districts.

The problem now confronting the coalition party seems to be whether or not it can persuade the people of Hungary to sacrifice themselves to a greater or less degree for what the coalition declares to be the cause of the country at large.

The liberal party at Budapest recognizes Monday's dissolution of parliament as lawful. The liberals will not attempt to proceed to the House today with the intention of holding a meeting.

Virginia Murder Mysteries.

The relatives of Mr. Willis Hargroves, a wealthy farmer and manufacturer, whose body was found on the trestle of the Atlantic Coast Line Railway at Boone station, near Norfolk, a few nights ago, have secured evidence which leads them to believe that Mr. Hargroves was murdered and that his body was left on the trestle to conceal the crime. The relatives of the dead man have been informed by "Bill" Andrews, a colored employe on the farm of Henry Kiro, that the night the body was found he heard someone call for help and he afterward heard two pistol shots. Other people living near the scene of the tragedy have corroborated Andrews' statement. The body was too badly mutilated for identification. Andrews' relatives believe that he was murdered. It is that the hat and eyeglasses of the dead man were found on the railroad track between Boone station and the trestle and his coat was found on the railroad track between the trestle and his factory. It is believed that the man was murdered at the point where his hat and eyeglasses were found and after his clothing had been rifled of all their valuables his body was carried to the trestle and left there.

The coroner's jury in Roanoke yesterday, after investigating the murder of J. B. Traynham, who was found dead Monday, with his skull crushed, returned a verdict to the effect that unknown persons were responsible for his death. There were nine different wounds inflicted on the head, face and neck, any one of which, in the opinion of the physicians, would have caused death. Two buckets of water, one deeply tinged with blood, the other slightly discolored, were found in the room, which indicated that the assassin had washed the blood from his hands. The wound in the neck severed the jugular vein, and cut the windpipe half in two. The police declare that no tangible clue has been found. The murdered man left large property interests, and recently received \$4,000 for the sale of some property in the Norfolk and Western Railroad.

Mr. and Mrs. Longworth.

Mr. and Mrs. Longworth arrived at Tampa, Fla., at 10:35 o'clock yesterday evening on the private car Elysian and proceeded directly to Port Tampa, there boarding the steamer for Havana to spend part of their honeymoon in Cuba. At the station in Tampa last night a large crowd gathered, and the Cuban consul, F. F. Mendoza, presented to Mrs. Longworth a magnificent floral design emblematic of the friendship of Cubans for herself and her father. Mrs. Longworth smilingly received the gift. At Tampa Bay station the hotel orchestra gave the couple a serenade, and the train was boarded by E. W. Morgan, United States Minister to Cuba, who goes to Havana to assume his duties at his new post, and by President J. M. Barr and Vice President E. F. Cost, of the Seaboard Air Line, who also are en route to Cuba.

The authorities of Havana are arranging an invitation gala grand opera performance at the National Theater for Friday, at which it is proposed that Mr. and Mrs. Nicholas Longworth shall occupy the President's box as Havana's guests of honor.

Very great interest is being taken in the President's annual ball, February 22. Nature needs only a Little Early Riser now to keep the bowels clean, the liver active, and the system free from bile, head-aches, constipation. Early Riser Pills never gripe.

Health of American Women

A Subject Much Discussed at Women's Clubs—The Future of a Country Depends on the Health of Its Women.

Mrs. T.C. Willadsen Miss Mattie Henry

At the New York State Assembly of Mothers, a prominent New York doctor told the 500 women present that healthy American women were so rare as to be almost extinct.

This seems to be a sweeping statement of the condition of American women. Yet how many do you know who are perfectly well and do not have some trouble arising from a derangement of the female organism which manifests itself in headaches, backaches, nervousness, that bearing-down feeling, painful or irregular periods, pelvic catarrh, displacement of the female organs, indigestion or sleeplessness? There is a tried and true remedy for all these ailments. Lydia E. Pinkham's Vegetable Compound has restored more American women to health than all other remedies in the world. It regulates, strengthens and cures diseases of the female organism as nothing else can. For thirty years it has been curing the worst forms of female complaints.

Such testimony as the following from Mrs. T. C. Willadsen, of Manning, Ia., writes:

Dear Mrs. Pinkham:— "I can truly say that you have saved my life and I cannot express my gratitude to you in words. For two years I spent lots of money in doctoring without any benefit for female irregularities and I had given up all hopes of ever being well again, but I was persuaded to try Lydia E. Pinkham's Vegetable Compound and three bottles have restored me to perfect health. Had it not been for you I would have been in my grave to-day."

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

22, on account of the fact that Mr. and Mrs. Longworth are expected to be present. They will also be urged to attend the ball of the American Club on Washington's Birthday.

The End of The World of troubles that robbed F. H. W. of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago kidney trouble caused me great suffering, which I would never have survived had I not taken Electric Bitters. They also cured me of Gen. I Debility." Sure cure for all Stomach, Liver and Kidney Complaints, Bl. of diseases, Headache, Dizziness and Weakness or bodily decline. Price 50c. Guaranteed by E. S. Leadbeater & Sons' drug store.

The 26th Anniversary of the Establishment of Our House

Is Announced for This Wednesday.

We are not only celebrating the anniversary of twenty-six years of successful business enterprise, but we desire to make the occasion worthy of the source of our continued prosperity—that law of service which underlies all progress and which has given impetus to our unrestricted and successful achievements.

To be of use to others; to give our public the best service—the service they have a right to expect—has been the one ideal which has impelled us with unswerving purpose to enlarge, to broaden, to expand our proportions, our facilities, and resources, until today this organization stands as the foremost commercial house in Washington.

The method of this service has met with the reward of generous patronage and appreciative encouragement. The manner of the service testifies to the degree of usefulness to the public, whose indorsement, confidence and loyalty have enabled us to fulfill our purpose—to maintain a house which should hold the interests of its
